The Megaphone

1931

The Most Effective Symbol of Peace in the World
The Christ of the Andes

Like great cats upon a fence, the hostile headlights of
Andean trains used to glare upon each other,
For one had clambered up from the rich mines of Chile,
And the other from the prosperous plains of the Argentine,
And both nations were hot-blooded.

But on the utmost peak of the boundary line,
The two countries set a monument,
And since the day when the wrappings were stripped from
"The Christ of the Andes,"
Neither nation has violated the terms of the peace pact.

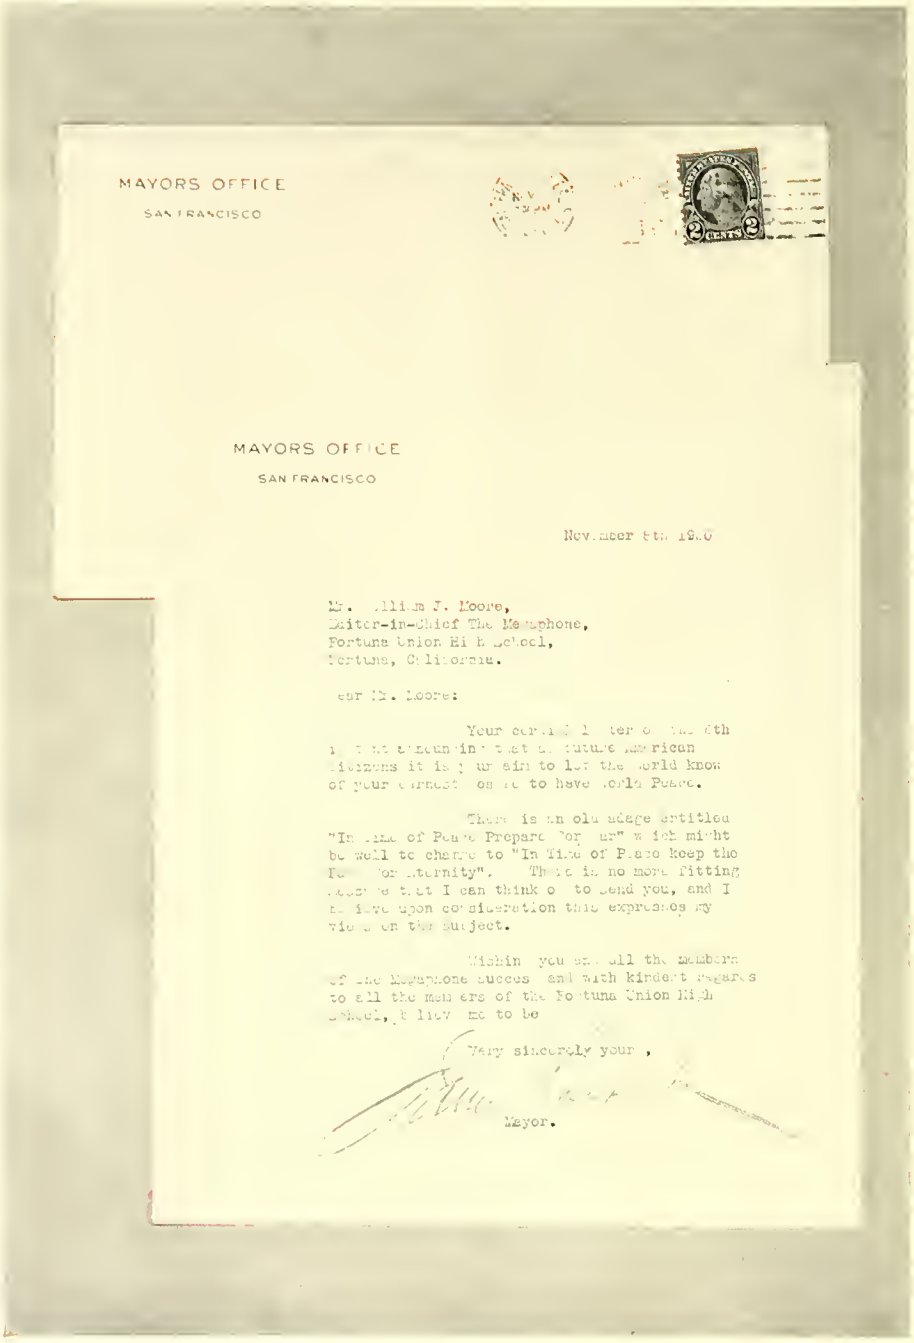
Dedication

America says: "All war is an assault upon the stability of human society and should be suppressed in the common interest." The Government of the United States desires to see the institution of war abolished, therefore, we, as loyal citizens of the United States, dedicate this 1931 Megaphone to International Peace.

PEACE



MAYORS OFFICE
SAN FRANCISCO

MAYORS OFFICE
SAN FRANCISCO

November 8th 1930

Mr. William J. Moore,
Editor-in-Chief The Megaphone,
Fortuna Union High School,
Fortuna, California.

Dear Mr. Moore:

Your cordial letter of the 6th is at hand and in that our future American citizens it is my aim to let the world know of your earnest desire to have World Peace.

There is an old adage entitled "In time of Peace Prepare for war" which might be well to change to "In Time of Peace keep the Peace for Eternity". There is no more fitting message that I can think of to send you, and I believe upon consideration this expresses my views on the subject.

Wishing you and all the members of the Megaphone success and with kindest regards to all the members of the Fortuna Union High School, I am

Very sincerely yours,

Mayor.

THE SECRETARY OF THE INTERIOR
WASHINGTON

September 29, 1930.

My dear Mr. Moore:

Thank you for your kind note. Glad to hear of your plan in connection with the 1931 High School Annual, the MEG'PHONE, of the Fortune Union High School. I am incloeing a brief statement which you may care to use.

Very sincerely yours,

Ray Lyman Wilbur

"To know all is to forgive all," is an old proverb. In the field of international relations, the more we know our neighbor, the less likely we are to come into conflict with him. We need to develop international understanding. If we succeed, world peace will follow.

Ray Lyman Wilbur

Article prepared by Dr. Aurelia Henry Reinhardt for
"Megaphone" 1931 Fortuna Union High School Annual

INTERNATIONAL PEACE

International peace is a splendid objective. But like all splendid things, it will be won with difficulty. You have only to realize the intelligent effort necessary to have a family group in happy agreement, or to keep a class in High School really friendly to the last pupil, to arrive at the conclusion that peace does not come without effort.

For whole countries to be at peace with each other will demand friendly thought and effort, friendly co-operation and sacrifice. No one nation can have all the raw materials, oil or coal, cotton or iron. No one nation can have all the gold. No one nation can expect to have all the business, selling its farm products and its manufactured goods, without buying other products and goods in fair exchange.

International peace will be possible to a world in which governments recognize that they must share possessions with one another. Human beings need food, and clothing, shelter and opportunity to work.

High school students can set themselves no more interesting task than studying the subjects that will help them understand how to live as individuals and as citizens so that these things may come to pass.

It is not enough to talk about international peace or to write about it. It is not enough to believe in international peace and to wish for it. All of us have to be intelligent enough to know how to bring it to pass.

International peace is a splendid objective. What will the pupils of Fortuna Union High School do to bring it to pass. "Blessed are the peace-makers"!

ROTARY INTERNATIONAL

ex
OFFICE OF THE PRESIDENT
I B SUTTON
TAMPICO, MEXICO

Tampico, Mexico, Nov. 29th 1930

Mr. William J. Moore, Editor, The Megaphone,
Fortuna Union High School,
Fortuna, California.

Dear William:

Agreeable to your request of the 21st inst I offer the following message -

May every student satisfy that inherent curiosity to know more about the peoples and the problems of other countries. Let them begin by pledging their word to encourage the development of a broad international understanding based on the Golden Rule and may they have the courage to challenge those factors in our social life today which have any tendency to lessen the high ideals responsible for the amazing development of the great American Commonwealth.

We should always strive to foster the finer human relationships, willing, yes eager to face our problems and responsibilities with a genuine desire for a more intimate understanding and a determination to seek only that solution which is based on truth and justice.

What could be more facinating to anyone interested in the promotion of international understanding than to find everywhere, in every land, the same fine spirit of patrictism and loyalty, the same cherished regard for the home, the same love of family, the same desire to pass on to their loved ones every possible advantage of civilization and culture, and to find everywhere the same great dream - the fervent prayer for the one thing without which all of these other blessings are as naught - - international peace.

------- ------- -------

Wishing you every success and with all kind thoughts, I remain,

Very truly yours,

I. B. Sutton.

IBS/b

Oh, Peace!
With joy we thank thee
For the steps that thou has built
That lead us to the shrine,
Where all may worship as they wilt.

Trustees

As a result of the constant and careful guidance of the trustees, the Fortuna Union High School has kept its standards and ideals above the level of the average high school, and has become one of the most noteworthy schools in the state of California. These same trustees, men who give their time and attention to the problems of the school and who willingly serve without compensation, are thanked by all members of the high school student body, the high school district, and faculty, for their helpful cooperation.

Through their interest in the welfare and problems of the school, the trustees have sponsored such movements as the purchasing of more property for the school, the construction and equipment of a mechanical drawing room, and the employment of a school librarian. Among the many improvements which have come as a result of the decisions of the trustees are; the furnishing of pencils and paper to the pupils and teachers, the construction of a new conference office for the principal, and the addition of technical drawing to the already extensive curriculum.

Faculty Executive Council

It is the desire of the administration of the school that every student should receive the most thorough and careful consideration in all problems and difficulties. This is one of the reasons why the Faculty Executive Council exists today. Any student has the right to appear before the Council to voice grievances or to appeal for special privileges which he may feel entitled to.

There are times when five heads are better than one. For this reason there are several members, Miss M. East, Mr. R. Stenback, Miss M. Hornaday and Mr. R. Damon, who act in an advisory capacity to Mr. G. J. Badura. The Council is based on the plan used by large corporations: several members comprise an executive body for the solution of problems of administration, for deciding the more important policies, and for working out the difficulties of the organization.

In addition to their duties as advisers, two members of the council, Miss East and Mr. Stenback, supervise all the programs which are studied by the advisory groups of the school. The programs comprise a course of study which is not taken up in regular high school classes.

Although this executive body is but a few years old, the idea has proved so satisfactory that the Council has been continued.

William Notley	Second Year President
Garvin Goble	First Year President
Zelma Burnside	G. A. A. President
Eleanor Hinds	Girls' League President
Henry Bender	Boys' League President
Mary Moschini	Elected at Large

The Student Executive Council is based on much the same principles as the Faculty Executive Council. There are occasions when it is desirable to obtain the viewpoints of the students in matters of student problems. At such times the members of the Student Council meet to decide the policies which may work for or against a student, or a group of students. Because the members represent the student body and the four classes, they are able to voice definitely the opinions of the student body as a whole. The Student Council is younger than the Faculty Council. It began to function last year, and has been just as successful.

The members of this council are the presidents of the four classes, the president of each League, president of the G. A. A., president of the Student Body, and one member elected from the student body at large.

August, 1927, saw the list of students of F. U. H. S. greatly increased by the enrollment of over one hundred freshmen, who were not as green as they looked. They soon recovered from an unnecessary feeling in the Auditorium, and realized that they were quite indispensible.

As Sophomores they continued their excellent progress, and as Juniors, added more laurels to their reputation. Among the twenty-five girls in the school selected to attend Play Day at Humboldt State Teachers College, there were ten from the Junior class. The year was ended with a Junior picnic at Gladwood. Everyone ate, swam, played and had a glorious time.

At last the high and mighty station has been acquired—they are Seniors, and no longer stand in awe of anyone. The talent of the class again came to light in the annual senior play, "The Intimate Strangers," which was a big success.

They have penetrated the deep secrets of Chemistry, studied Long's English Literature, and at last are prepared to graduate from the school that has sheltered them for four years, giving them many joys and happy memories. Here's to the best class that ever was or will be—the Class of '31!

The Class of '32 started the year off with a bang, by beating the second year class in speed-ball. They won the championship, and prepared for more victories.

Although there was some difficulty in collecting dues, the second semester opened with all debts paid, and money in the treasury.

In September the Fourth and Third year Classes united, and went on a picnic. Everyone had a good time, so all are looking forward to making this an annual event.

The Third Year class turned out one hundred per cent strong for the basketball games, and helped maintain the school's reputation for good sportsmanship.

Mary Polach	Secretary
Harvie Patterson	Treasurer
Dorothy Coke	Advisory Board

The class of '33 has just completed its second year under the leadership of President William Notley. Wilson Belloni led the class during the Freshman year. It was during this year that the girls of the class won the honor cup.

During the two years the sophomores have played an important part in school activities. They have been outstanding both scholastically and athletically. Several students are in the scholarship society and several have taken prominent parts in school plays. Many members of the class have been placed on the various athletic teams of the school.

The sophomore girls won the advance ticket sale for the Student Body play this year and received five hundred honor points. The boys were a close second losing first place by one ticket.

The class meetings were peppy. After the business was finished, programs were given. They usually consisted of musical numbers, readings, and skits. Much unexpected talent was revealed through these programs.

Second Year Class

Back row, left to right: Pond, McNaughton, Maki, Patterson, Langlois, Lozensky, Carlson, Durnford, Mahan, Cox, Thompson, Silva. Robert Shreeve ..... Treasurer
Francisco Barsanti ..... Advisory Board

"Some more green freshmen to bother us," thought the upper classmen when the 1934 class entered Fortuna High School. But you should see them look appraisingly at us now, and this is the reason why:

The operetta, which is the largest event of the school year, has a first year girl for the leading part. Their dramatic talent has been shown in the student body play also, and in snappy advisory plays. They have made the upper classmen sit up and take notice.

Several First Year boys were on the all-star basketball team, as well as on the school championship team. They have also been outstanding in tennis, soccer, baseball and track.

Nine First Year students received a bronze honor pin for being on the honor roll all of the first semester. Six are in the Scholarship Society. No longer are they "green." They are doing their share in the big game of high school.

If the First Year students keep up the good work selling tickets, they have a splendid chance to win the silver loving cup. Come on Freshmen!

First Year Class

Top row, left to right: Bullock, Barsanti, Ponsonby, Rovai, Jones, Allen, Copsey, Hansen, McHenry, Goble, Moschini, Hulett. Second row: Mr. Damon, Barnes, Kennison, Gill, Cook, Fielden, Langdon, Newland, Barrote, Hellard, Pedrotti, Miss Dale. The student body has had a very successful year under President Jorgen Gulliksen.

During the fall term the Student Body play " The Millionaire" was given with wonderful results. In the spring, the annual operetta, "The Marriage of Nannette," took place. This also proved very successful.

Last year a new lettering system was adopted which has proved succesful. Many students earned awards last year and this year. Through this system a sweater is given each year to the outstanding girl and the outstanding boy in the Fourth Year class. Last year's winners were Cecil Cox and Frank Standley.

Probably the most important element in our student body is the school spirit. This was especially shown during the basketball season, and was commented on by many outsiders.

During the year, debates were held at student body meetings. These have proved successful and probably will be continued in the future.

Back row, left to right: Mr. Stenback, Hadie Quigley, Francisco Barsanti, Wilson, Belloni, Henry Bender, Jorgen Gulliksen, John Mizulo, Verne Wood, Helen Scott, Miss East.

Elected from Student Body at Large

Marian Child — Bernice Rasmussen
Helen Scott — Kathryn Coke
Wilson Belloni

Faculty

Miss Marie East — Mr. Raymond Stenback

The Advisory Board consists of fifteen members in all. Only nine members have the right to vote. Those excluded from voting are: The president, secretary, vice-president, treasurer of Student Body and the two faculty members selected by the Principal. Each class has one representative. The other five are elected from the student body.

The duties of the Advisory Board are to supervise all school affairs conducted under the auspices of the entire student body. The Advisory Board also has the right to pass all bills up to ten dollars. Sums over this amount must be passed by a majority vote of the student body.

Back row, left to right: Dort Gulliksen, Garvin Goble, Le Von Barnes, Carl Harvey, Wilson Belloni, John Mizulo, Buford Shreeve, Carl Thomsen.

Scholarship Society

First Semester	Officers	Second Semester
Eleanor Hinds	President	Marian Child
Carl Harvey	Vice President	Paloma Smith
Bernice Rasmussen	Sec.-Treasurer	Dorothy Coke

Who are these students who are leaving the classroom fifteen minutes before the bell rings for lunch? Follow them; they are going toward the cafeteria. Why, of course, it is the day for the monthly luncheon of the Scholarship Society, Chapter 176 of the California Scholarship Federation.

This is a large and flourishing organization having twenty-eight alert and active members. All school activities, athletics, dramatics, music, commerce, find representatives in its membership, for these students are good,not only in their classes, where good work is required for entrance into the society, but in whatever tasks they undertake. Student body officers, class officers, club officers, in fact, officials from all school organizations are found among them; for this society encourages leadership as well as scholarship.

The fall semester was one of the outstanding periods in the history of the society. During this term the president and the adviser of the Fortuna Chapter delivered the charter to and officiated at the installation ceremony of the newly organized chapter of the C. S. F. in the Del Norte County High School at Crescent City.

Back row, left to right: Terry Myers, Clinton Gould, Hartwell Tracy, Kenneth Samuelson, Joseph Simmons.

First Semester	Office	Second Semester
William Lytle	President	Joseph Simmons
Joseph Simmons	Vice President	Jorgen Gulliksen
Buford Shreeve	Secretary	Arthur Larson
John Mizulo	Treasurer	Henry Bender
Carl Harvey	Cor. Secretary	Carl Harvey

Though the Excalibur Club is the only club that has no adviser, it ranks as one of the highest organizations in school. To become a member one must be outstanding in scholastic and athletic activities. A boy is admitted to membership only on the recommendation of some member of the club.

Regular meetings are held every Friday noon in the clothing room. An excellent program is always prepared. They have had talks by many prominent business men of the community. Each week a delegate from the club is chosen to attend the meeting of the Rotary Club.

The purpose of the Excalibur Club is to develop a better feeling of friendship, and to cooperate with the business men in the work of Rotary International. The club also attempts to maintain and better its reputation as an honor club.

Back row, left to right: Lucille Boggs, Alma Lois Gallagher, Dorothy Coke, Zella Aldrich, Eleanor Hinds, Leora Hunter, Marian Child, Miss Hendrickson.

Henrietta O'Connor	Cheer Leader
Miss C. Hendrickson	Adviser

The Khan Tola Club boasts of having every girl in school as a member!

This year it has adopted a system of uniform dress, which will be carried out next year, made a study of vocations for girls, given a Double Hi Jinks, sent representatives to Conventions, given a Mother's Tea and a beach party, presented a clever program for the Student Body, and secured League pins.

The cabinet members who have helped carry on the good work are: Welcome, Elloise Chase; House Beautiful, Mary Moschini; Hospitality, Lucille Boggs; Social, Leora Hunter; Transportation, Zella Aldrich; Membership, Edith Reback; Publicity, Dorothy Coke; Program, Helen O'Connor; Decoration, Paloma Smith; Finance, Virginia Early; Clean-up, Marian Child.

Back row, left to right: Wilson Belloni, Arthur Larson, Verne Wood, Mr. Damon.
Front row, left to right: Clinton Gould, William Lytle, Henry Bender, Van Branstetter.

Knights of the Blue and White

Henry Bender	President
Arthur Larson	Vice President
William Lytle	Treasurer
Clinton Gould	Yell Leader
Verne Wood	Song Leader
Robert E. Damon	Faculty Adviser

"One for all, and all for one," the motto adopted by the members of the basketball teams this year, is also the slogan of the Boys' League.

Snappy programs with plenty of pep characterized the Boys' League meetings. A program was arranged for each meeting. At the games and rallies the boys gave real support with yells and songs. Parties were planned and carried out successfully.

On Hallowe'en night the Boys' League gave a return party for the Girls' League. The boys cooperated, and made the party one of the most successful ever held at the school.

The annual Father's and Son's Bust was a great success with lots of new numbers and a good time for everyone.

The Megaphone staff takes this opportunity to thank those who have given their time and who have contributed valuable material to this book. They especially wish to thank those who have sent letters concerning the theme of the book, "International Peace." The Nomad Publishing Company has generously given permission to use the picture "The Christ of the Andes" for the frontispiece.

There are also several students, not on the Megaphone staff, who deserve special recognition for their contributions and service. Ellanora Smith, typing; Eleanor Ritola, art work; and Blanche Evans, jokes.

Girls' Glee Club

Vivian McLean ..... President

Mary Polach, V. Early ..... Librarians

"Bigger and better than ever" might be a slangy way of stating the fact, but that expression gives to you in a few words a complete description of the Girls' Glee Club this year. Voices of good quality have given the director, Miss Mary Hornaday, an opportunity to try out some of the more difficult numbers, with very satisfactory results.

The girls did an outstanding piece of work at the Poultry Show held in October. They also sang for the Christmas program held in the Auditorium. In the spring the operetta, the annual music festival held at Arcata, and the baccalaureate service kept the girls busy practicing. With Vivian McLean as president, and Mary Polach and Virginia Early as librarians, all of the girls cooperated with the director. It can be truthfully said that this is one of the best and most successful glee clubs that the school has ever produced.

Back row, left to right: Francisco Barsanti, Terry Myers, Paul Lozensky, Astor Hansen, Stillman Erickson, Harry Goble, William Moore, Miss Dale, Leon Dungan, Arthur Langlois, Raymond Allen, Ernest Curren, Carl Harvey, George McNaughton, Garvin Goble.

Front row, left to right: Norvin Windbigler, George Hugo, Lewis Santarini, Van Branstetter, Joe Dungan.

Boys' Glee Club

Although the Boys' Glee Club is not as large this year as it was last year, its pep has increased. With Miss Dorothy Dale directing and Grace Bronson and Ellanora Smith as accompanists, the boys have made many successful performances.

Their first activity was the Minstrel Show. Then they sang with the Girls' Glee Club at the Christmas program. In December they entertained the Masons. The whole Glee Club participated in the operetta, which was given in March. In May they went to Arcata to the music festival held in the Humboldt State Teachers' College. Their last program was at the school exhibit.

A group selected from the boys' and girls' glee club sang at the dedication of the Legion Memorial building. The boys' and girls' glee clubs have cooperated in all that they have undertaken.

Back row, left to right: Zella Aldrich, Aina Haapala, Zelma Burnside, Charles Carlson, Kenneth Packer, Charles Hazleton, Margaret Layton, Verne Wood, Vernon Nicholsen, Myrtle Day, Olive Holman, Esther Langin, Harry Webster, Donald Berry, Beulah Waterman, Miss Dale.

Front row, left to right: Victor Hutchinson, Addie Newland, Bernice Rasmussen, Marian Legg, Grace Bronson, Ethel Boehne, Dorothy Paine, Henry Bender, Goldie Baxter, Mary Notley, Arletta Fitch, Edith Reback, Gerald Evans, Norvin Windbigler.

Advanced Orchestra

The addition of an oboe and a flute to the orchestra this year has succeeded in balancing the orchestra evenly. Whenever an occasion arises that demands music the orchestra is invariably selected.

Under the leadership of Miss Dorothy Dale, the orchestra has played for the Alumni play, the Poultry Show, the Student Body play, the dedication of the Legion Memorial building, the Christmas program and the Operetta. In April it played at the Arcata High School, and at the Music Festival held at the Humboldt State Teachers' College in May. It also played at the school exhibit, the Baccalaureate services and at Commencement.

This has been a very active year for the orchestra. The music has been of a modern type which has brought about added interest. The fact that the students have worked well together and have cooperated with their director accounts for much of their success.

Back row, left to right: Harold Early, George McNaughton, Bartlett Eisner, Donald Berry, Edward Kilgore, Rodney Peterson, Francisco Flocchini, Olive Holman, Myrtle Day, Alma Gallagher, Emylou Grove.

Front row, left to right: Miss Dale, Lewis Santarini, Paul Lozensky, Charles Hazleton, Charles Carlson, Henry Bender, Blanche White, Delmor Baxter, Richard Buxton, Kenneth Packer, Arthur Ammer, Vernon Nicholsen, Margaret Layton.

Band

The value of training students interested in music from their first year and on through school has been shown by the marked improvement in the band. Although the band is still young, it has been growing very rapidly. It is twice as large now as when it started two years ago.

The band played at several basketball games and accompanied the students in singing at the games. It has also played in assembly, and at the Music Festival held at the Humboldt State Teachers' College in Arcata.

Guided by Miss Dorothy Dale and with Henry Bender as president, the band has plenty of well-directed pep. If the statement, "what you are to be you are now becoming," is true, then the Fortuna Union High School band has a very promising future.

Back row, left to right: Miss Dale, Charles Hellard, Francisco Barsanti, Raymond Allen, Lief Lee, Arthur Langlois, Jeanice Perry, Myrtle Boehne, Roberta Rudlen.

Front row, left to right: Rosemary Friedenbach, Mildred Burns, Halbert Baldwin, Kenneth Samuelson, Lee Lentz, Brison Wilson, Charlotte Crabtree, Rowena Ammer, Helene Hansen, Ouida Jarvis, Nellie Pace.

Elementary Orchestra

Well aware of the fact that the elementary orchestra had two members in it who had never played on an instrument before they started school, the students of the high school eagerly awaited the first appearance of the orchestra. When the orchestra did make its "debut" one morning before assembly, it was found to have a good representation of instruments; violins, bass violins, saxophones, a clarinet, drums, piano, and a sousaphone. The nineteen members of the elementary orchestra foretell a bright future for the advanced orchestra.

The object of the elementary orchestra is to teach students to play together. After a year in the elementary orchestra, the students are promoted to the advanced orchestra or to the band, where they prove the value of their first year's training.

Back row, left to right: Lewis Santarini, Paul Lozensky, Terry Myers, George Hugo, Carl Harvey, Astor Hansen, Leon Dungan, George McNaughton.

Front row, left to right: Harry Goble, Garvin Goble, Stillman Erickson, Leland Petersen, Arthur Langlois, Raymond Allen, Ernest Curren, Norvin Windbingler, Francisco Barsanti, Van Branstetter.

Minstrel Show

The most outstanding piece of work that the Boys' Glee Club has done since its organization, was the Minstrel Show given October 25, 1930, as the closing event of the annual Poultry Show. This is the first Minstrel Show to have been presented for several years at the high school. The name of the show was "Land o' Cotton", by Kaser and Johnson. The boys did good work under the direction of Miss Dorothy Dale.

The stage was decorated with jack-o-lanterns and corn stalks to represent a field in the autumn of the year. The negroes had gathered to husk corn. While they husked they gave an impromptu program. The conversation consisted of jokes and riddles. The play on words was clever although sometimes the hidden meanings brought trouble. Then someone would come to the rescue by suggesting a song. When all the corn was husked the boys trouped off singing and cracking jokes.

Edith Reback	Lottie Pringle	Mary Nielsen

Guy Maxwell Helen Scott

A complete understudy cast made two productions of the Student Body Play, "The Millionaire", possible. This is the first time that there has been a full understudy group ready to give a performance. Mrs. Ruth Beck directed both casts. The money derived from the play given by the second cast was donated to the Swimming Tank fund.

The plot concerns Gideon Heath, a supposedly wealthy man. His relatives spurn him when they learn that he is poor. Through his troubles he finds his true friends, and all turns out well in the end.

The Intimate Strangers

Station-master	Henry Bender
William Ames	Russell Thompson
Isabel Stuart	Leora Hunter
Florence	Virginia Early
Johnnie White	Buford Shreeves
Henry, the house-man	Hartwell Tracy
Aunt Ellen	Eleanor Hinds
Mattie, housekeeper	Dorothy Grigsby

The Fourth Year Class of 1931 presented, on February 6, one of Booth Tarkington's most amusing three-act comedies called "The Initimate Strangers", under the direction of Mrs. Ruth Beck.

The strangers, William Ames and Isabel, meet at an out-of-the-way railroad station, where both of their trains are delayed. As they are compelled to remain there over night, they become quite intimate.

Florence, Isabel's niece, tries to "intrigue" Mr. Ames, but does not quite succeed, as he does not like girls of her type. Johnnie, Florence's friend, wishing to make her jealous, turns his attentions to Isabel. An amusing situation is the result of the tangled affairs.

Marcel	Harry Goble
Pierre Parthenay	Carl Harvey
Paulino, the peddler	Chester Edson
Santo, the bear	Virginia Early

The Fortuna High School presented, on March 12 and 13, a three-act comic opera called "The Marriage of Nannette".

Under the directions of Miss Dorothy Dale, Miss Mary Hornaday, Miss Gladys Thorson, Mrs. Ruth Beck, and Mr. John Bowersox, it was a great success. Many characteristic and elaborate costumes were worn by the cast. With the excellent stage setting and lighting effects, beautiful scenes were presented. The Boys' and Girls' Glee clubs made up the choruses of gypsies and villagers.

The scenes took place in the courtyard of the Inn "L'Agneau D'Orr", Northern France. The Duc d'Antin is to be married (for the fourth time) to the Comtesse Heloise, who is supposedly so beautiful that she wears a veil to hide her beauty from men. She is stolen by bandits in the forest, but finally escapes in time to stop the Duc from marrying Nannette, who is unwillingly dressed to represent Countess Heloise.

The Lady Heloise and the Duc are married: she lifts her veil — and behold! she is the ugliest woman the Duc has ever seen. As nothing matters then, he allows all the other lovers to be happily married.

Back row, left to right: Frank Standley, William East, Neal Barnes, Una Bryant, Angelo Barsanti, Earl Johnson.
Front row, left to right: Orvella Wilson, Cecil Cox, Velma Moore, Stanley Bowers.

The Dover Road

Mr. Latimer	Earl Johnson
Eustacia	Una Bryant
Leonard	Stanley Bowers
Anne	Cecil Cox
Nicholas	Angelo Barsanti
Dominic	Neal Barnes
Servants	William East and Frank Standley
Maids	Orvella Wilson and Velma Moore

"The Dover Road" was presented by the Alumni of the Fortuna Union High School, October 10, 1930. The net proceeds were donated to the Swimming Tank fund. Both the play and the performance were outstanding. The Student Body greatly appreciates the cooperation given by the Alumni in their interest shown in increasing the Swimming Tank fund. The play was skillfully directed by Mrs. Ruth Beck.

The play is about a Mr. Latimer, who owns a house on the Dover Road. His hobby of detaining run-away couples brings about an amusing situation, a complicated plot, and an amazing conclusion.

Night School

Over one thousand enrolled in evening school! this is the remarkable record which has been established in the Fortuna adult evening school and is, undoubtedly, the single and most outstanding achievement of the school for this year.

Radical changes in both the social and economic conditions have taken place within the last few years. These changes have brought about distinct reinterpretations concerning the needs and scope of the field of education. In turn, new agencies have had to be organized to meet these changed conditions. The adult evening school is the most active, and foremost in national importance, of any of these agencies.

Present day demands have shown that the old idea that education was only for the child of pre-earning age is no longer true. Today education must be a continuous process in order to keep up with the rapid and ever-changing conditions. Experiments have proved also that the learning age is not limited. In other words, it is quite as possible for the person of advanced years to learn new subjects and trades as it is for the youth to master the same material.

The organization of the adult evening classes in the Fortuna Union High School came as a result of a real demand being shown. Why the demand in this district? Perhaps comments of Mr. L. R. Alderman, Chief, Service Division, National Office of Education, will throw some light on the subject as a whole. In part, he says, "Unemployment in all parts of the world is focusing attention upon every phase of the employment problem. One of the first things noticed in any study of employment is that unskilled labor is the first to be released and the last to be reemployed. The silver lining to the cloud is that adults can learn and, for the most part, are willing to learn; and experiment after experiment has shown that a man who is unskilled today need not be unskilled five or six months from now. The community or State which has the most unskilled labor in proportion to its total population, other things being equal, is the poorest community or State; in fact, wealth rightly can be measured by the skill or education of the population. Skill is the thing in our population that pays taxes and brings prosperity. The community that neglects to develop the abilities of its population is, from an economic point of view, shortsighted."

While the main object of the evening school work is to aid in solving the present-day economic questions, the cultural and aesthetic side of life has not been neglected. A wide variety of courses, ranging from music and crafts, domestic science, leadership, citizenship, languages, athletics and commercial subjects, to mechanics and agriculture, has been offered.

In keeping with the general trend of both business and education, Fortuna aims to keep its plant busy. A business organization that closed its doors at four in the afternoon and did not reopen until eight the next morning, could not be called the most efficient business. Education is the biggest business in the world today — why not make it efficient?

Home is given by Peace,
The fair Goddess,
Who blessed it with children and joy;
She wants us to love and be
Happy and gay,
And all hate and envy destroy.

SPORTS

George Hugo

Jorgen Gulliksen

Golf

Golf was introduced into Humboldt county schools last year when South Fork and Fortuna played the first inter-school match. Since then two other schools have joined them, making four schools now interested in this sport.

This fall two matches were played by Fortuna golfers. The first was played with South Fork and the other with Eureka.

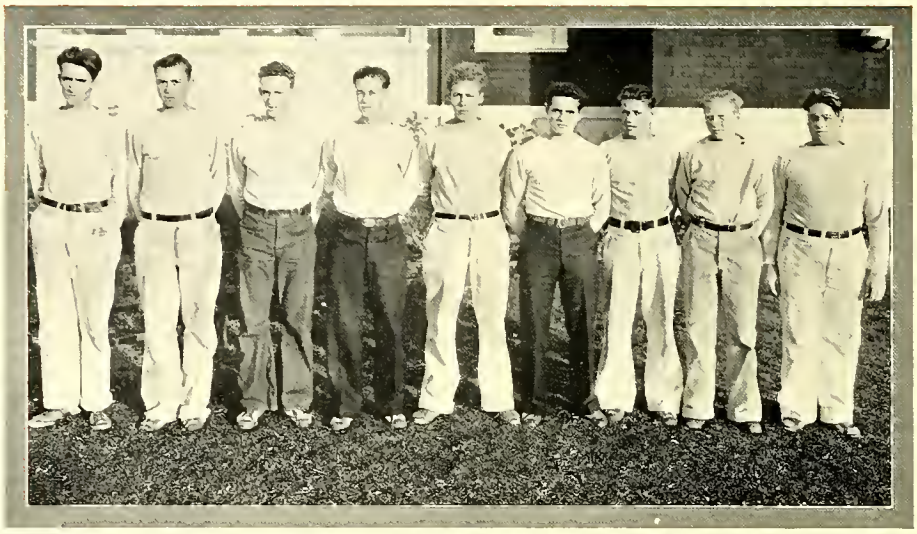
Playing South Fork on the course at Redway, our mashie wielders were able to win by the slight margin of 3 matches to 2. Gulliksen had a low score of 89.

In the match with Eureka, played on the Humboldt Club course, the Fortunans were decisively defeated. The Eurekans won all five matches of the tourney.

Joe Dungan

John Mizulo

Robert Malone



Left to right: Bob Newman, Earl Cox, Donald Berry, George Hugo, Frank Mattson, Terry Myers, Lowell Swett, Harlan Copsey, Lyle Willsie.

Intra-mural Baseball

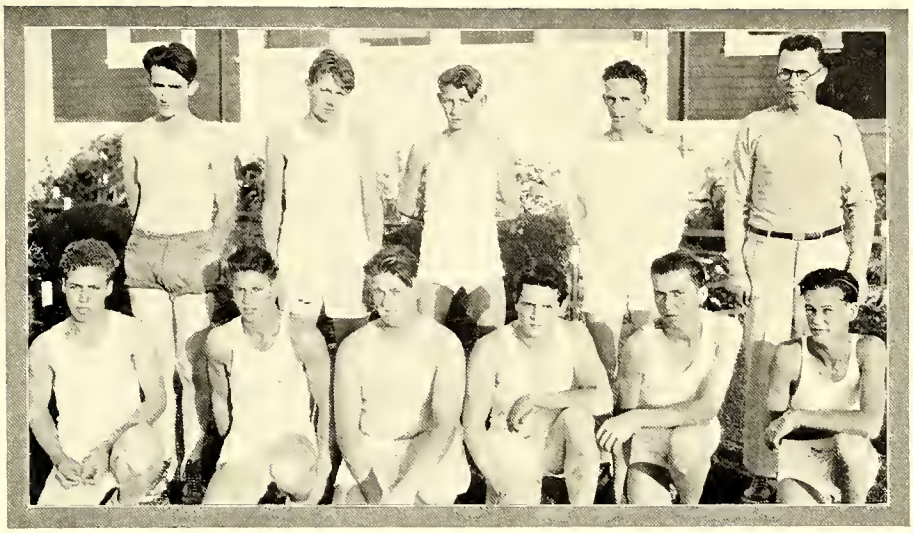
The opening sports event of the 1930-31 school year was intramural baseball. Precedence was given to baseball because it was thought that such contests would be a good form of practice.

Elimination contests were played, with the Gray Fog, representing the second period gym class, emerging champs. The Gray Fog defeated the New York Yankees and the Invincible Terrors, while their finalist opponents, the Pirates, defeated the fifth and eighth period teams.

The first game of the finals ended in a 2-2 deadlock. In the play-off, the Gray Fog won by a 7 to 2 score.

After the championship game the captains of the teams selected the best players on their team. From those picked, an all-school baseball team was named.

Those selected for positions on this team were: Julielo Rovai, pitcher; Paul Lozensky, catcher; Carl Godec, first base; Joe Silva, second base; Olindo Martinelli, third base; Ernest Di Basilio, shortstop; Emmett Newell, left field; Joe Barotte, center field; Benny Larson, right field.



Back row, left to right: Bob Newman, Wesley Johnson, Earl Petersen, Donald Berry, Mr. Damon.

First row, left to right: Frank Mattson, Lowell Swett, Lyle Willsie, Terry Myers, Earl Cox, George Hugo.

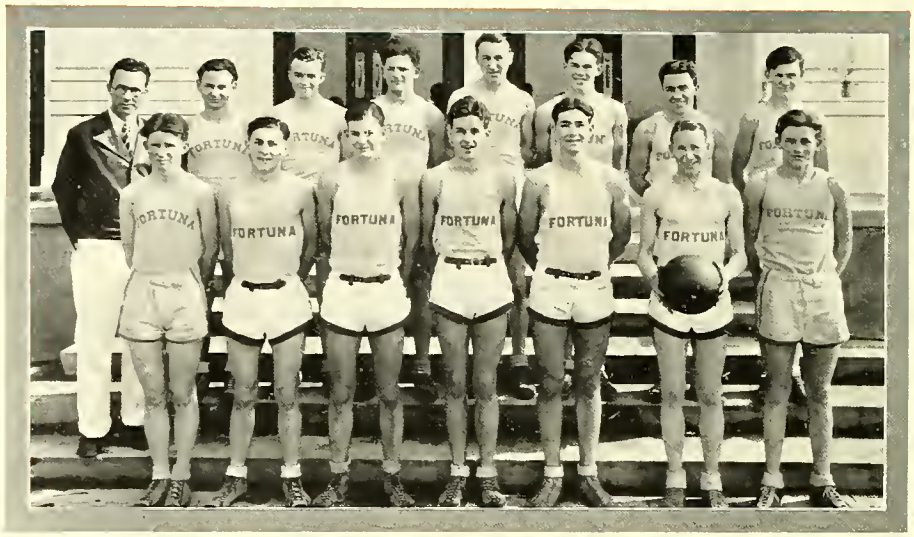
Touch Ball Squad

After winning the intramural baseball championship, the second period gym class won its second championship by defeating all its opponents in the touchball elimination contests. They defeated their finalist rivals, the sixth period, 24-6.

Myers and Swett played outstanding ball for the winners, while Cottrell, Gulliksen and Martinelli played best for the losers. Martinelli made the feature play of the game, running 95 yards for the sixth period's only score.

Touchball, which is similar in many respects to football, is being played in place of the latter since football has been banned.

The main difference between these two sports is that tackling is not allowed in touchball as in football. This change does not slow up the game to a great extent, but it gives all the advantages of a football game with the elimination of possible injuries. Touchball was a favorite sport during the noon contests.



Back row, left to right: Mr. Damon, Francisco Barsanti, Garvin Goble, Allan Thomas, Leon Dungan, Peter Matthieson, Ernest Di Basilio, Lief Lee.

Back row, left to right: Mr. Damon, Harry Goble, Dort Gulliksen, Benny Larson, Olindo Martinelli, Ernest Di Basilio, Lewis Santarini, Kenneth Clark.
Front row, left to right: Joe Barrotti, Joe Silva, Julielo Rovai, Emmett Newell, Paul Lozensky, Wilson Belloni, Terry Myers.

Baseball

With only two members of the 1930 baseball team back in uniforms this year, Coach R. E. Damon had to build up a practically new team. However, with the additional practice gained in the fall, a team as formidable as those of previous years was turned out.

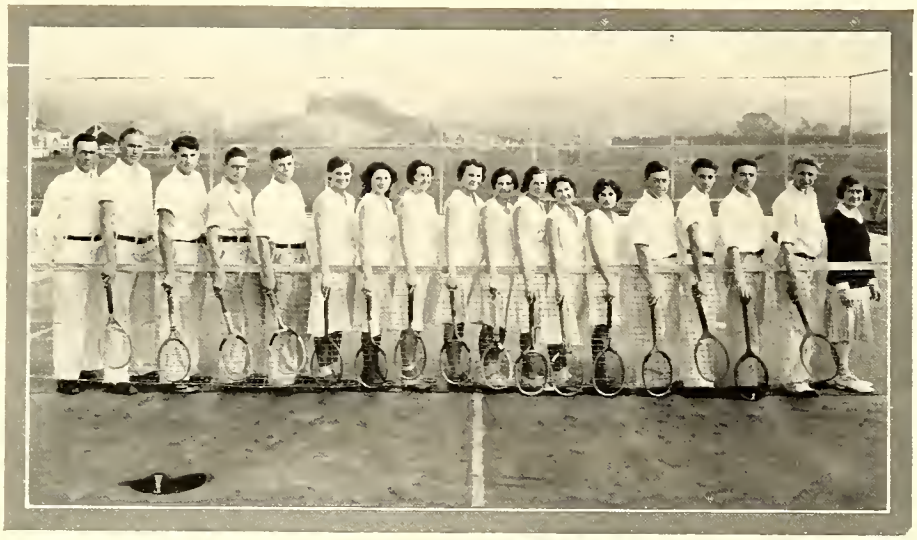
Although the team was weaker in several places than last year, it gained strength in several departments.

Julielo Rovai, who pitched last year, was greatly improved in both control and speed. Godec and Santarini were the other hurlers on the squad.

Joe Silva, second base, and Julielo Rovai pitcher, were the two veterans on the team.

Gulliksen and Lozensky alternated as catchers; Belloni played first; Di Basilio, shortstop; Barotti, third. The outfielders were: Newell, Larson, Moschini and Thompson.

Only two members of the team graduate this year, leaving a very brilliant outlook for next year's nine. Gulliksen and Thompson are the two who are playing their last year.



Left to right: Mr. Damon, Melvin Hansen, John Mizulo, Leonard Gill, Gordon France, Margaret Layton, Mary Moschini, Zelma Burnside, Vivian McLean, Lena Docili, Marian Chandler, Clara Dillon, Elsie Docili, William Lytle, Ernest Docili, Victor Hutchinson, Jorgen Gulliksen, Miss Thorson.

Tennis

Two fall tennis matches were played by Fortuna netsters here this year, one with Arcata and one with Eureka. Both the first and second teams played. The County tournament was played in the spring, on the Arcata High School courts.

The girls played the most consistent tennis, and those on the first team won all of their matches. They were largely responsible for our victory over Eureka. They also won the only two victories we gained over Arcata.

Lena Docili, Humboldt county girls' champ, has carried off the singles title for the last two years.

The girls doubles combination, Marian Chandler and Clara Dillon, played good tennis and defeated all their opponents.

Vivian McLean and Victor Hutchinson played mixed doubles.

Ernest Docili, Humboldt County junior singles champion, played singles.

Leonard Gill and Gordon France alternated with Dort Gulliksen and Melvin Hansen in the boys' doubles matches. Neither of these combinations was able to defeat its opponents, however.

G. A. A. Cabinet

Back row, left to right: Dorothy McGovern, Mary Polach, Elloise Chase, Miss Thorson, Lena Docili, Zelma Burnside, Mary Nielsen.
Front row, left to right: Hadie Quigley, Frieda Gouthier, Eleanor Hinds, Leora Hunter, Mary Moschini, Amy Anderson, Bernice Rasmussen.

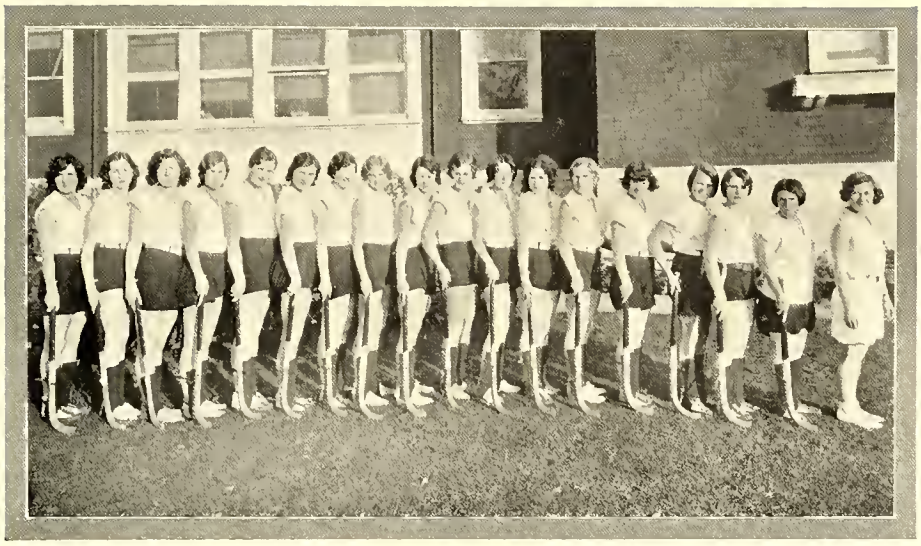
Girls' Athletic Association

Zelma Burnside	President
Lena Docili	Vice President
Mary Polach	Secretary
Helen O'Connor	Cheer Leader
Leora Hunter	Hockey
Amy Anderson	Basketball
Dorothy McGovern	Volley Ball
Hadie Quigley	Baseball
Mary Nielsen	Horse Shoes
Eleanor Hinds	Dancing
Elloise Chase	Hiking
Mary Moschini	Tennis
Bernice Rasmussen	Archery
Frieda Gouthier	Tumbling

The G. A. A.? No, it isn't a dull club where nothing is accomplished. It is the Girls' Athletic Association of Fortuna High, where you can find more interesting things to do in a minute than in any other organization in school.

At the beginning of the year a swimming party was held, with all of the new girls in school as guests. This was to show them what the G. A. A. was like. As a result, the club is one of the largest and finest in school.

How do these girls get the money to have such fun? This year they sold hot dogs and candy at the inter-school basketball games!



Hockey Team

Left to right: Hazel Kohinka, Helen Holmes, Anna Brandt, Hadie Quigley, Frances Boyd, Marian Child, Leora Hunter, Merle Stewart, Blanche White, Margaret Layton, Zelma Burnside, Dorothy Grigsby, Bernice Rasmussen, Annabel Cirby, Mary Nielsen, Elloise Chase, Inez Farmer, Miss Thorson.

Hockey

"On you forwards! On you forwards!
Dribble down that line.
Fullbacks pass it to the half-backs;
Make a goal next time. Rah! Rah! Rah!
Fullbacks tackle, half-backs battle,
They can't find a hole.
Forwards, down that field
And make another goal!"

Ground Sticks! Hit! That means the lure of hockey, the king of fall sports! Have you ever played this game? If you haven't, you have missed the thrill of one of the best games going, but if you have, then you know what it is all about.

The most exciting and interesting game of the whole season was played last fall, with the Juniors and Seniors alternately sending the ball over the goal line. What was the outcome? The Seniors won, thus cinching the school championship. They are on to the game all right!

They have scored the championship in the soccer and hockey Round-Robins throughout their entire high school career!

Back row, left to right: Dorothy Grigsby, Hadie Quigley, Miss Thorson, Merle Stewart, Leora Hunter.
Front row, left to right: Bernice Rasmussen, Elloise Chase, Margaret Layton, Zelma Burnside, Hazel Kohinka.

Basketball

Goal! Two points! Tie Score! That's the excitement of basketball — the sport of sports. This year the Juniors and Seniors played off the championship as a preliminary to the boys' interschool games. The Seniors again scored the first place, making themselves victorious for the last two years!

Archery

There is a thrill in the twang of the string as the arrow speeds on its way towards the target. Thirty-five girls took part in the archery tournament which was held in the fall with hockey. The season over, a jolly luncheon was enjoyed by all who participated in these two sports.

Left to right: Elsie Anderson, Arletta Fitch, Eunice Watson, Bernice Rasmussen, Nannie Belle Ross, Rose Gill.

Back row, left to right: Ulice Langdon, Sophia Mizulo, Marian Child, Anna Brandt, Florene Baxter, Dorothy McGovern. Miss Thorson.
Front row, left to right: Edith Reback, Mary Nielsen, Hazel Alsop, Emylou Grove, Annabel Cirby.

Volleyball

There's no chance to go to sleep in volleyball! You must be on your toes every second of the time or you will not be ready to "whang" the ball back across the net when it comes your way.

Why Dance?

We dance for love of movement swift,
For joys we feel in outstretched arms,
For sheer abandon as we lift
Our bodies, soaring on and on.

Dance

Left to right: Leora Hunter, Esther Langin, Eleanor Hinds, Virginia Early.

Back row, left to right: Frieda Hopper, Hadie Quigley, Merle Stewart, Anna Brandt, Hazel Kohinka.

Front row, left to right: Dorothy Grigsby, Beulah Waterman, Marjorie Miller, Marjory Brenner, Miss Thorson.

Baseball

Batter up — play ball, and then the fun begins! Nine determined players trying to outwit nine equally determined opponents creates a situation full of surprises and thrills. Like this: The bases are filled! Score is 3-1 in favor of the team in the field. It is the last half of the seventh inning, and the rooters are encouraging, "A home run, knock 'em in!" How would you like to be the one to hit in your teammates and save the honor of your class? Every girl in F. U. H. S. gets this opportunity!

Baseball demands all of your skill in throwing and running, and all of your craftiness in stealing bases. Speed in thought and action combined with accuracy and team work keeps the game at a "tip top" pace. "Play fair and win", is the slogan.

The different class teams practiced faithfully and looked forward eagerly to the interclass series. The diamond was constantly in use. There may have been a little rain, but who cared about that! The large number of girls who came out this year justified the title baseball has been given — "The Great American Game"!

Carl T. (to coach): What can I do to avoid falling arches?
Coach D.: Get out of the way.

* * * *

Leland P.: Have you read "Freckles"?
Melvin H.: No, I have the brown kind.

PEACE

In the reddish brown of autumn,
There's a bounty, far from small,
When Peace reaps a golden harvest,
And there's plenty for us all.

ADVERTISERS

Everybody Knows

YOU CAN DO BETTER AT

MORGANS
FORTUNA

BUT here is something about an important subject that every young person should know . . .

Luck

A modern wise man was asked if he believed in Luck. Here is his answer, and it's worth cutting out and pasting in your hat.

"Do I believe in Luck? I should say I do! It's a wonderful force! I have watched the successful careers of too many lucky men to doubt its existence and its efficacy. You see some fellow reach out and grab an opportunity that the other fellows standing around have not realized was there. Having grabbed it, he hangs on to it with a grip that makes the jaws of a bulldog seem like a fairy touch. He calls into play his breath of Vision. He sees the possibilities of the situation, and has the ambition to desire them, and the Courage to tackle them. He intensifies his strong points, bolsters his weak points up, cultivates those personal qualities that cause other men to trust him, and to cooperate with him. He sows the seeds of sunshine, of good cheer, of optimism, of unstinted kindness. He gives freely of what he has, both spiritual and physical things. He thinks a little harder and a little longer; straighter; works a little harder and a little longer; travels on his nerve and his enthusiasm; he gives such service as his best efforts permit. Keeps his head cool — his feet warm — his mind busy. He doesn't worry over trifles. Plans his work ahead, then sticks to it — rain or shine. He talks and acts like a winner, for he knows in time he will be one, and then — Luck does all the rest."

LUMBER

As Important as The New Home's Plans

IN PLANNING your new home, give a serious thought to the lumber that goes into it. Years of extra service depend upon Quality. For the supporting joists . . . the flooring . . . the trims . . . the doors — be sure to get the best.

The added cost is soon forgotten in the longer service and greater satisfaction you will have.

Let Us Help You Solve Your Building Problems

Scotia General Hospital

We have installed the very latest

X-Ray Equipment

All rooms and wards are light, sunny and completely furnished.

We solicit patronage from the General Public.

Fred Moore (to O. Martinelli): What would you do if you had a fist like that?

Olindo (after close inspection): I would take it home and wash it.

It was no rented room that inspired Howard Payne with the sentiment of his immortal song, "Home, Sweet Home". It was the vision of a real home, a home that every member of the family might look upon as his or her own and recall with memories of genuine affection.

To own one's home is not so much of a problem today as it has been in years past. Rent receipts may be translated into title deeds. Instead of being nomads, families may have walls that give them permanent shelter. The best thing that any man can do for himself and his family is to take the step toward owning his home.

Jokes

Miss Cod: Weren't you embarrassed at being frozen up in the same block of ice with Mr. Shad all winter?

Miss Flounder: Yes, but it certainly made me solid with the old gentleman.

* * * *

Then there is the absent minded professor who stepped on his wife and kissed the starter, patted his car on the neck and drove his children to school.

* * * *

Julielo: Somebody stole my car last night.
Bus: What will you do now?
Julielo: Pay up my debts.

* * * *

Frosh: Why do you put powder on your face?
Soph: To make me look pretty.
Frosh: Then why doesn't it?

* * * *

Carl Godec: What are you looking for?
Doc: I'm looking for what I lost.
Carl: And what did you lose?
Doc: What I'm looking for.

* * * *

Miss East: What was the Emperor of Russia called?
Dort: A Czar.
Miss East: What was his wife called?
Dort: A Czarina.
Miss East: And what were his children called?
Dort: Czardines.

* * * *

K. Packer (to Miss Dale in orchestra): I had three exams today and I received a hundred in all of them.

Miss Dale: That sounds good.

K. Packer: Yes, I got 50 in one, 20 in one, and 30 in the other.

* * * *

Mrs. Beck (in Public Speaking): Why is it that a woman's voice will not record well on a phonograph record?

Hershel Shanks: Because usually a woman's voice is all worn out from overwork before she reaches woman-hood.

* * * *

Miss Alving: Paul, what's your father's occupation?
Paul Pond: He's a worm's substitute.
Miss Alving: What on earth is that?
Paul: He bores holes in furniture for an antique dealer.

Autographs

Autographs

The Dawn of Peace

It is the Dawn of Peace! The nations
From East to West have heard a cry,—
"Though all earth's blood-red generations
By hate and slaughter climbed thus high,
Here — on this height — still to aspire,
One only path remains untrod,
One path of love and peace climbs higher!
Make straight that highway for our God."
— Alfred Noyes.
